## **Update on Runoff for President and Executive Vice President in 2024 NATCA National Election**

As a result of none of the three candidates in the races for president and executive vice president receiving a majority of the votes cast during the July 30 ballot count in the 2024 NATCA National Election, a runoff election among the two candidates who received the most votes for each of those positions will commence this week.

Runoff ballots will be mailed to NATCA members' home addresses today, Aug. 16. Runoff ballots must be returned to the National Election Committee (NEC)'s post office box in Washington, D.C., by 9 a.m. EDT on Oct. 4. The NEC will collect the runoff ballots from the post office box and conduct the runoff ballot count on that same day.
