Members Overwhelmingly Ratify Successor Agreement

Dear NATCA Family,

We are pleased to announce that the membership has voted in favor of ratifying the Successor Agreement to the Light Blue and Purple Books. We thank you for participating in our ratification briefings and for voting on this important matter. The new collective bargaining agreement (CBA) contains significant improvements in its terms and conditions, and we are extremely proud of this result.

We are coordinating the signing of the new CBA and will provide that information as soon as possible.

In Solidarity,

The NATCA National Executive Board
