NATIONAL AIR TRAFFIC CONTROLLERS ASSOCIATION NATIONAL CONSTITUTION

Preamble

As the working professionals who make up our nation's air traffic control system, we play a critical role in the provision of safe and efficient air transportation in the United States. Deserving recognition for our contributions to modern aviation and desiring a strong voice in matters bearing on our work lives and the safety of the flying public, we have formed the National Air Traffic Controllers Association ("the Association"). The Association will seek to advance the status, professionalism and working conditions of all air traffic controllers and other aviation-safety-related employees through collective bargaining, political action, and other lawful concerted activity. The Association will also dedicate itself to furthering the public's interest in safe and efficient air transportation. We hereby establish this Constitution to govern us in these efforts.

Such members may address the Board on any topic in order to give an opinion and/or solicit information. Such members will be limited to five minutes, unless time is extended by the Chair.

If more than twelve members wish to speak, the Chair may, at the option of the Chair, allow additional time, allocate specific time to certain topics of common interest, or devise another equitable method to accommodate the members. Scheduling of the member forum period will be as close to mid-day as practicable so as to allow for round-trip travel.

Any members desiring to address the National Executive Board shall inform the National Office at least 24 hours prior to the start of the meeting. At the time notice is given to the National Office, a number indicating the sequence in which the member is to speak will be provided. The topic of the address may be requested if the number of those requesting to speak exceeds 12.

Members are expected to promptly notify the National Office if they cannot attend as requested. Members are entitled, as per Article VI Section 1. of the NATCA Constitution, "...to freely speak on any issue affecting the Association." However, any grievance concerning the actions of the Association or its officers shall be processed in accordance with Article XIII, Internal Grievances.

NATCA will maintain a policy for the retention of organizational documents which are (1) necessary to the current conduct of Union business; (2) required to be retained by applicable statute or regulation; (3) relevant to pending or foreseeable investigations or litigation; or (4) of historical value to the Union. This policy shall be maintained under rules and regulations as promulgated by the National Executive Board.

SRI-12 NATCA Internship Program (10/14)

NATCA believes that it has a responsibility to mentor students who are personally and professionally interested in aviation and the labor movement. To this end, NATCA will develop and maintain a program to provide interns with a hands-on experience in the aviation industry and working for a labor organization that represents aviation-related professionals. Through the Program, NATCA endeavors to offer each intern with the opportunity to: experience the day-to-day business operations of a labor organization; experience and participate in a dynamic work environment; understand the responsibilities of being part of a team; understand the demands and interactions in a member-focused organization; contribute to the research and development of ongoing projects; and participate in various outreach programs and special events. The NATCA Internship Program will be administered under rules and regulations as promulgated by the National Executive Board.

The NATCA Locals from air traffic control facilities that were transferred from FAA operation to the Federal Contract Tower Program shall be memorialized on a plaque that shall be displayed at the NATCA National Office. The plaque shall include the three-letter identifier of each NATCA local at the time of the facility's transfer to the Federal Contract Tower Program.

SECTION L: LABOR RELATIONS

SRL-1 Arbitration Policy (12/89, 4/00, 10/14, 9/16, 6/23)

When a Regional Vice President or their designee decides to pursue arbitration of a grievance, they will ensure the completed grievance file has been properly uploaded into the NATCA Grievance Tracking System (GATS) and elevated to the arbitration level no later than fourteen (14) days after the receipt of management's step 2 response, or as appropriate. The grievance file should include, at a minimum, a copy of the grievance, management responses (if any), copy of any local MOU(s) relied upon, copies of any laws, Agency Orders, rules, or regulations violated, SF-50s, pay records, witness statements and all other evidence. In addition, accompanying the grievance file, the Regional Vice President or their designee will upload a grievance evaluation, which will include the facts of the case, a summary of the evidence, strengths and weaknesses of the grievance, and a recommendation for moving forward.

Upon receipt of the arbitration request and case file, the Director of Labor Relations may conduct a follow-up with the Regional Vice President or their designee to discuss the strengths and weaknesses of the case. The Director of Labor Relations may then direct an analysis of the case by the National Office Labor Relations Staff.

Grievances requested for arbitration will be reviewed by the NATCA Grievance Review Team. The Grievance Review Team's review of grievances will include all documentation received through the respective region, as well as the analysis prepared by the National Labor Relations Staff. The Grievance Review Team will make recommendations for or against arbitration and may also recommend other strategies for resolving the grievance. The Grievance Review Team will recommend arbitration advocate(s) to present the grievance in arbitration hearing.

NATCA's Director of Labor Relations will present the Grievance Review Team's grievance recommendations to the NATCA President for final determination. The final determination will take into consideration factors such as the chances for success based on the merits of the case and the risk or desirability of a precedent-setting decision having an effect on NATCA membership nationwide.

If it is determined that a grievance will not proceed to arbitration, the Director of Labor Relations will communicate this decision to the Regional Vice President and the Grievance Review Team.

If the request for arbitration is denied, the Regional Vice President may appeal such decision to the National Executive Board. The decision may be overturned by a three-quarters (3/4) vote of the National Executive Board. If the Regional Vice President decides to invoke an appeal to the National Executive Board, arbitration will be requested to protect timelines and the vote taken at the earliest possible time. The Regional Vice President is responsible for communicating the final decision to the grievant and to the Facility Representative where the initial grievance arose.

Once the final determination is made to pursue arbitration, arbitration advocate(s) will be assigned to present the grievance in arbitration hearing. The assigned advocate and second seat, if assigned, will work as a team on all aspects of case preparation, including strategy, witness preparation, case presentation, development of an opening statement, and post hearing briefs. The selection of an arbitrator will be conducted by the assigned arbitration advocates from the Regional or National panels, as appropriate.

Selection of Arbitrators. The Grievance Review Team will recommend arbitrators for Regional and National panels. The National Office shall retain the right and responsibility to select and remove arbitrators pursuant to the Collective Bargaining Agreements.

Settlements. The decision to accept a settlement rests with the arbitration advocate(s) in consultation with the Director of Labor Relations.

Final Determination. When a case is settled or an arbitration decision issued, the arbitration advocates(s) will immediately notify the Director of Labor Relations and the Regional Vice President. The Regional Vice President should then notify the grievant of the resolution as soon as possible. Every effort should be made to ensure that the grievant learns of the result from NATCA and not management officials.

STANDING RULES

SRL-2 Use of Outside Counsel (3/90, 4/00, 9/02, 6,23)

Grievance Handling and Processing. This process can and should be handled almost exclusively in the field by Facility Representatives, with advice and assistance available from the Regional Vice President. Should assistance not be available from the Regional Vice President, the party seeking assistance should contact the National Office's Labor Relations Department.

It is imperative that Facility Representatives and members keep their Regional Vice Presidents aware of issues requiring assistance, and that the Regional Vice Presidents are contacted first before contacting the National Office, as much as practical.

Use of Outside Counsel. The general rule is that outside counsel shall not be utilized except in extraordinary circumstances such as where the courts require "local" counsel or immediate injunctive relief is required. In those circumstances, the Facility/Regional Vice President shall request in advance the approval of the National Office's Legal Department and the President or Executive Vice President.

The Representative should be prepared to justify the need for and benefit of utilizing of labor relations outside counsel. Where an attorney is available and upon such a request, the General Counsel shall contact the proposed attorney or other competent attorney versed in the appropriate field of law, check and verify their credentials, and negotiate the appropriate rate of charge or retainer fee. Thereafter, all legal bills from such outside counsel will be sent directly to the General Counsel's office for review before submission for payment.

Outside counsel shall be answerable to the General Counsel, who shall monitor the expenditures and performance of outside counsel in handling NATCA's legal business. The General Counsel shall review all documents prepared in the course of pursuing NATCA's legal business and statements for services rendered, which must be submitted in detail by outside counsel before payment can be authorized. The General Counsel retains the right to dismiss outside counsel who may be deemed to be ineffective or wasteful of NATCA's resources or have a deleterious effect on the Union.

Use of Outside Counsel for Arbitration. While it is anticipated that the majority of arbitration cases shall be handled by Regional Vice Presidents or the Director of Labor Relations, all arbitrations where legal counsel are involved on behalf of NATCA shall be undertaken by the General Counsel or Executive Counsel from NATCA's National Office. The reason for this is to ensure quality, conserve resources, and to process all arbitration cases on a consistent, uniform basis that ensures continuity on a nationwide level.

Under no circumstances will the arbitration process be turned over to members or non-members with their own personal legal counsel, regardless of whether or not the grievant is willing to pay the fees for such counsel. To agree to such an arrangement would be tantamount to NATCA "sub-contracting" its exclusive bargaining agent (or representative) status and would create a serious risk of adverse national precedents.

SRL-3 Arbitration Appeals (2/91, 4/00)

In the event an arbitrator's decision is deemed by a Regional Vice President to be unfavorable/detrimental to the best interests of the organization, the following procedures shall be followed before proceeding to appeal.

The National Executive Board member requesting review for appeal shall forward copies of the decision being questioned to the entire NEB.

After ensuring that each NEB member has reviewed the material, the individual requesting appeal shall inform the National President who, in turn, shall schedule an emergency meeting of the NEB (via teleconference if necessary) at which time discussion may ensue and a vote will be taken to determine whether or not an appeal will be filed.

This process will be completed in no more than ten days, to allow for the timely processing of any such appeal. The determination of the NEB shall be final and, in cases where appeal is denied, no further processing of the case under review shall be attempted.

All costs associated with any such appeal shall be applied against the budget approved by the NEB for the Labor Relations Department.

SRL-4 Grievance Tracking Program (GATS) (9/08, 9/10)

The National Executive Board shall determine the Union's grievance tracking program. Use of this program is mandatory for NATCA Facility Representatives, NATCA Labor Relations staff, and advocates.

SRL-5 Deleted (10/14)

SRL-6 Allocation of Arbitration Expenses (12/90)

Any and all expenses associated with all arbitrations, regardless of whether they are national, regional, or local matters, shall come out of the National Labor Relations budget.

STANDING RULES

SRL-7 Unfair Labor Practice Charges (9/16, 6/23)

When a Facility Representative seeks to file a ULP with the FLRA or NLRB, the Facility Representative should consult with the Regional Vice President before filing. The consultation with the Regional Vice President will address: the appropriate charging party, the issues raised by the charge, the appropriate FLRA/NLRB region for filing, potential supporting evidence for a charge, the relief sought, whether a grievance or a complaint in another forum rather than a ULP is appropriate, whether a charge is impacted by a previously filed grievance, and any other relevant issues. If upon consultation, the Regional Vice President and Facility Representative determine that the Union is the appropriate charging party, the following process must be utilized.

When a Regional Vice President or their designee decides to pursue a ULP, they should forward the complete case file to their Labor Relations Strategy Group designee who will share the file with the Labor Relations Strategy Group. The complete case file will include supporting evidence and documents for the ULP, including a witness list, witness statements, and a draft charge utilizing FLRA Form 22, available at http://www.flra.gov/webfm_send/3, or NLRB Form 501, available at <http://www.nlr.gov/sites/default/files/attachments/basic/page/node-3040/nlrform501.pdf>.

The Director of Labor Relations may then direct an analysis of the case by the National Office Labor Relations Staff. ULPs submitted through this process will be reviewed by the NATCA Labor Relations Strategy Group. Unless the Labor Relations Strategy Group expresses a concern with the validity of the charge, the ULP will proceed.

Settlements. The decision to accept a settlement of a ULP rests with the advocate(s) assigned to the ULP case in consultation with the Director of Labor Relations.

SRL-8 Negotiability Appeals (12/21)

When a Facility Representative or his/her designee intends to request a formal declaration of non-negotiability from the agency or file a negotiability appeal with the Federal Labor Relations Authority (FLRA), he or she must first consult with their Regional Vice President (RVP). When an RVP or his/her designee determines, or after consultation with a Facility Representative makes a determination, that a request for a formal declaration of non-negotiability from the agency or filing a negotiability appeal with the FLRA is warranted, the RVP shall gather the relevant facts and refer the matter to the NATCA Director of Labor Relations for further review and consideration.

Relevant facts shall include: the NATCA proposal; an explanation of the proposal; any written or unwritten unsolicited declarations of non-negotiability and/or decisions at Agency Head Review; and any other relevant information.

The Director of Labor Relations shall work with NATCA staff and representatives to attempt to resolve the issue in question and may request an analysis of the case by the National Office Labor Relations Staff. If an analysis is requested, it shall, at a minimum, consider whether the proposal meets the FLRA standards for negotiability, whether the proposal can be cured to meet the FLRA standards while achieving the same or similar goals, and whether a request for a formal declaration of non-negotiability from the agency or a negotiability appeal with the FLRA could lead to unintended consequences.

If the issue cannot be resolved, the Labor Relations Director shall present his/her recommendation to the President about whether to request a formal declaration of non-negotiability from the agency or file a negotiability appeal with the FLRA.

PSA-2 AFL-CIO Boycott (4/06, 9/16)

NATCA endorses the economic boycott of those companies listed on AFL-CIO boycott list. NATCA will provide a link to the AFL-CIO boycott list on the members-only section of the NATCA website in order to disseminate the most current listing to all locals.

PSA-3 Employee's Right to Choose (9/08, 9/10, 10/14)

The National Air Traffic Controllers Association supports public policy and legislative efforts to ensure, protect and preserve American workers' fundamental rights to choose for themselves whether or not to form a union free from coercion and intimidation. The National Air Traffic Controllers Association, through whatever means the National Executive Board deems appropriate, supports the AFL-CIO's effort to enact legislation in support of this position.

PSA-4 Environmental Policy (9/10)

NATCA shall seek to advance environmental stewardship and sustainability in its daily operations, offices, and building(s). NATCA will aspire to go beyond compliance with all relevant environmental laws and regulations by integrating values of sustainability, stewardship, and resource conservation into its operations and office and building activities; engaging in pollution prevention activities and developing and promoting practices that maximize beneficial effects and minimize harmful effects of operations and activities on the surrounding environment; assessing environmental impacts associated with its operations and activities; incorporating green building and design methods; considering the needs of future of generations with the goal of maximizing the efficiencies of its operations and services while minimizing the organization's wastes and footprint.

PSA-5 Alternative Funding Stream (10/14, 9/16)

The National Air Traffic Controllers Association supports the exploration of the following concepts:

- a. Creating a sustainable financial future. It is critical to establish a funding system that provides dedicated and sufficient revenues to pay for obligations.
- b. Separating the operations and support functions from the regulatory functions of the Federal Aviation Administration (FAA). Potential areas of exploration could include the creation of two separate government agencies or the formation of a quasi-governmental corporation.
- c. Reforming existing statutes, regulations, and policies.
- d. Reviewing the current mix of Airport and Airway Trust Fund taxes and fees and considering alternative sources that provide sufficient funding for services such as air traffic control and aircraft certification.

Ensuring the safety of the National Airspace System should be in the forefront of any initiatives to reform FAA funding streams and governance. Any support by NATCA must ensure the following:

- a. NATCA, as a stakeholder, must be included throughout the process, from inception to implementation. Further, any effort must be supported by NATCA's National Executive Board.
- b. Retention of Union recognition, representational status, and continuation of collective bargaining rights. This is achieved through the retention of 5 United States Code Chapter 71, however other similar legal frameworks may

- d. NATCA must be included as a voting member of any governing board or body.
- e. Indemnification for employees from individual tort liability for acts within the scope of employment.

PSA-6 Private Health Care Options for Mental Wellness and Health Treatments (6/23)

This CWG should include, but not be limited to, members from NATCA, the FAA, and FAA Medical/Flight Surgeons' offices. The intent and scope of the workgroup shall include developing collaborative processes for employees to utilize their own private health care to receive mental wellness and mental health treatment.

SECTION B: MEMBER BENEFITS & RETIREMENT

PSB-1 Benefits for Dues Paying Members (4/06)

It is a priority for NATCA to provide meaningful members-only benefits.

PSB-2 Deleted (10/14)

SECTION C: CONTRACTING

PSC-1 Facility Consolidations (1/00, 9/10, 9/16)

Protecting and ensuring the overall safety and efficiency of the National Airspace System should be in the forefront of any realignment of air traffic control facilities or services (including regional offices). The terms "realignment" and "consolidation" include any action that relocates functions, services, or personnel positions; discontinues or severs existing facility functions or services; or combines them.

Each facility, sectored airspace and regional office is unique. Therefore, the only way to determine if the realignment of an air traffic control facility or services is necessary and appropriate is through the development of a comprehensive process with clearly outlined criteria and participants. That process was created through collaboration under Public Law 112-95 Section 804, now known as "Section 804." NATCA will be involved in the development of all criteria, discussions, decisions, and briefings to Congress whereby we must assist the Agency to:

- a. Support the transition to the Next Generation Air Transportation System.
- b. Reduce capital, operating, maintenance, and administrative costs of the FAA where such cost reductions can be implemented without adversely affecting safety.

That process must include or provide for:

- a. Controllers, representatives of labor organizations representing operations and maintenance employees of the air traffic control system, as well as industry stakeholders, from inception to implementation.
- b. The process must be clearly explained to all parties and members of each facility shall have a right to inform the process during all phases.
- c. Sustaining the overall efficiencies of the NAS shall be at the forefront of the process with every effort made toward helping to reduce capital, operating, maintenance and administrative costs of the FAA where such cost reductions can be implemented without adversely affecting safety.
- d. Cost never trumps safety and efficiency or the quality and level of services provided to users.
- e. The lives of employees and their families are a major consideration throughout the process.
- f. A collaboratively agreed upon process for existing and future facilities will be agreed upon Nationally.

NATCA supports realignments and advances to the National Airspace System only where the above criteria are met and if it can be done without compromising safety.

PSC-2 Contracting Facilities (4/06, 10/14)

The National Office shall spare no reasonable expense in the protection, continuation, and growth of all bargaining unit positions, and shall offer all lawful resistance to out-sourcing or contracting out.

In the event of imminent or impending reform or restructuring of the Air Traffic Organization, including privatization, the National Executive Board shall spare no reasonable expense to protect every interest of the Union including, but not limited to: pay, benefits, and working conditions.

POLICY & POSITION STATEMENTS

PSC-3 Contractor-Provided Training (4/06, 12/21)

NATCA shall seek to ensure that, whenever staffing is sufficient, training provided in air traffic field facilities be performed by FAA employees.

PSC-4 Contract Training/Staffing (4/06)

NATCA opposes the use of bargaining unit employees in all FAA initiatives with the objective to contract out their work.

SECTION D: LEGISLATIVE

PSD-1 Deleted (4/18)

PSD-2 Deleted (9/16)

PSD-3 Windfall Elimination Provision/Government Pension Offset (4/94)

NATCA shall pursue legislation to rescind the Windfall Elimination Provision/Government Pension Offset.

PSD-4 Deleted (10/14)

SECTION E: MEMBERSHIP & ORGANIZING

PSE-1 Organizing FAA Bargaining Units (7/99)

NATCA will pursue organizing the rest of unrepresented bargaining units within the FAA, with priority on air traffic services employees.

PSE-2 Organizing of Contracted ATC Facilities (4/06)

NATCA will pursue the organizing of all contracted air traffic control facilities.

PSE-3 RNAV Inclusion (6/23)

NATCA will continue to seek ways to involve RNAV members in NATCA organizing, legislative activities, and other issues impacting our Union communities.

NATCA will conduct a survey of the RNAV membership to ascertain at a minimum the RNAV membership's knowledge, skills, abilities, unique talents, and the RNAV member's ability/willingness/desire to use those talents for the benefit of our Union.

The RNAV Committee Chair will be invited to attend a minimum of one NEB Meeting per calendar year.

SECTION F: WORKING CONDITIONS, HIRING & STAFFING

PSF-1 Rehire on Contract Tower Employees (4/97, 3/12)

NATCA will seek to ensure that, as contract towers represented by NATCA become upgraded to higher-level facilities and revert back to the FAA, the employees at those facilities will be given the opportunity to be hired by the FAA and remain at their facility.

PSF-2 Deleted (9/10)

PSF-3 Career Progression (4/06)

We pride ourselves in working to ensure the American taxpayers reap maximum benefit from the dollars they spend in training air traffic controllers. In recognition of this duty, and to enhance safety, efficiency, and morale, NATCA will seek to ensure the FAA makes every effort to fill vacancies with Certified Professional Controllers who meet the qualifications and who express a desire to relocate to areas where vacancies exist. This policy also ensures the greatest return on investment possible for newly hired air traffic controllers who will, as a consequence, generally be placed in lower level ATC facilities where they have a greater opportunity to be successful.

PSF-4 Deleted (10/14)

POLICY & POSITION STATEMENTS

PSF-5 Reduced Work Week (4/06)

The pursuit of a reduced work week is a high priority for NATCA.

PSF-6 Deleted (3/12)

PSF-7 Job/Salary Protection (4/06)

NATCA will make it a high priority issue to protect the jobs and salaries of all of its members affected by consolidation, co-location, and outsourcing.

PSF-8 Policy on Age 56 Waivers (3/12)

Numerous studies have suggested an increase to health risks and stress levels associated with the age of air traffic controllers.

The cumulative stress of the job has resulted in controller “burn out” thus increasing risk and lost proficiency with age, thereby increasing risks to the safety of flight.

Studies have shown a close correlation between ages, years of experience and emotional, mental, and physical exhaustion. Researchers have consistently found a negative relationship between the age of air traffic controllers and both training success and rating of job performance. Many studies have shown age-related decline in cognitive abilities that are most important to performance as an air traffic controller.

The staffing crisis the FAA is experiencing has been predicted by the National Air Traffic Controllers Association for decades. Age waivers are not the safe solution. The FAA must hire and train hundreds of new controllers with a steady stream of newly trained controllers replacing the retiring controllers. This is critical to ensuring the system capacity can grow and meet the safety needs of our nation’s air traffic control system.

The risks of stress levels, potential health problems, and declining cognitive abilities are the same today that led Congress to set retirement mandates for controllers over thirty (30) years ago. Air traffic projections and FAA goals, however, are more demanding than ever. Now is not the time to jeopardize the most productive, efficient system in the world with short-term, dangerous solutions. We acknowledge the temptation of keeping controllers beyond current retirement ages but we decry this as a solution.

While we admire the capable workforce that makes today’s system a global standard of excellence, we must now make investments for tomorrow.

The National Air Traffic Controllers Association does not support waivers to the age 56 Law.

PSF-9 Local Internet (6/23)

NATCA shall strive to ensure each local has access to its own stable, reliable, and preferably hardwired internet connection in each facility separate from the FAA/employers’ network.

SECTION G: SAFETY, TECHNOLOGY, & EQUIPMENT

PSG-1 Radar Displays (4/06, 6/23)

NATCA will continue its efforts to ensure that air traffic facilities have the necessary equipment and procedures to maintain the world’s busiest and most complex airspace system. These efforts include the advocacy of modern, efficient, and reliable communication, navigation and surveillance systems as well as training and procedures that ensure safety and efficiency.

PSG-2 Deleted (3/12)

PSG-3 Deleted (3/12)

PSG-4 Voluntary Safety Reporting Program (9/10)

With the nationwide implementation of ATSAP throughout the air traffic bargaining unit and the importance of the compilation of critical safety data for the NAS, NATCA supports the full deployment of a voluntary safety reporting program. NATCA will pursue the implementation of a voluntary reporting program for all represented bargaining units.

PSG-5 Airport Surface Surveillance (10/14, 6/23)

Surface Surveillance is critical for maintaining and enhancing both safety and efficiency on the airport surface. The development and deployment of surface surveillance should continue throughout the National Airspace System. NATCA will advocate for surface surveillance systems that include the capability to display cooperative and non-cooperative aircraft

and vehicles on the airport operations area, and provides safety alerting for all systems.

PSG-6 Weather Information and Training (12/21, 6/23)

Air traffic controllers and other aviation safety related employees need the most accurate and timely weather information to perform their job duties. NATCA will advocate for additional weather information at operational workstations and improved training related to weather. NATCA will pursue improvements in the availability, coverage, and accuracy of precipitation on air traffic controllers' and other aviation safety related employees' primary displays.

PSG-7 Partnership for Safety (12/21)

NATCA fully supports Local Safety Councils (LSC) and the monthly Safety Awareness For Excellence (SAFE) discussions through Partnership for Safety (PFS).

PSG-8 Selected Altitude (12/21)

NATCA fully supports the implementation of "selected altitude" technology on a controller's radar display as a major safety enhancement in the National Airspace System.

PSG-9 Deleted (6/23)

PSG-10 Replacement for Micro E-ARTS (12/21)

NATCA fully supports the replacement of Micro E-ARTS with an appropriate automation platform.
