

Member Update

Happening in Two Hours – NATCA National Town Hall at 5 p.m. EST

Today's NATCA National Town Hall capacity has been increased to 3,000 due to the high interest in participating.

NATCA Family,

Join us for a NATCA National Town Hall today (Feb. 20) at 5 p.m. EST. This is your opportunity to hear directly from NATCA leadership about key issues, our Union, and profession.

This town hall will be hosted for all members. We will have a town hall specifically for our FCT members in the coming weeks due to the number of distinct differences between the government and private sectors.

The town hall will open with a briefing from NATCA's National Safety Representative, John Murdock, followed by a discussion led by NATCA President Nick Daniels.

Register now to participate and stay informed.

REGISTER HERE NOW

This will be an every other month reoccurring event for 2025 with a different theme each time followed by engagement with our NATCA President.

An informed membership leads to a stronger Union.

In Solidarity,

Nick Daniels
NATCA President
